### Save the Date Fall Trustee School October 6—9, 2021 Sawgrass Marriott Golf Resort & Spa

The next Trustee School will be held at the Marriott Sawgrass in Ponte Vedra Beach on October 3—6, 2021. The FPPTA Education Committee is presently in the process of finalizing the program agenda.

October will be the 22nd anniversary of the beginning of the Certified Public Pension Trustee (CPPT) Program. Since its first offering, the FPPTA has recorded over 2000 trustees who have entered the most comprehensive public pension trustee certification program in the country.

The motto of the Education Committee is to provide a better program from the last. We have completely redesigned the CPPT program from your suggestions in the survey evaluations. Thank you for sharing your thoughts and ideas.

Here's what he had to say about his upcoming keynote at the FPPTA's Annual Conference. "Serving as a trustee of a public pension plan poses tremendous challenges in a time of unprecedented change. The aging workforce, a younger generation of employees with different values, new technologies, major budget constraints all combine to make the trustee's role more complex than ever. Let's share some practical, engaging ideas for:

- Improving communication skills when dealing with plan participants & beneficiaries, government officials, and investment managers
- Mastering complex subjects more quickly & confidently
- Making better decisions to benefit your plan's long term health."

Will they continue, or will things revert to previous patterns? The panel will look at several themes including: value vs. growth, international vs. domestic equities, the risk of inflation, and where large cap tech stock might go from here?

# Raymond T. Edmondson Awards

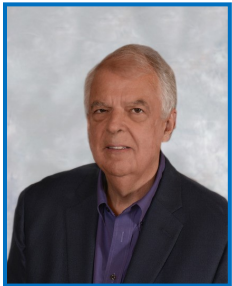

## Raymond T. Edmondson Service Award

The **Raymond T. Edmondson Service Award** was established in 2004 to recognize *the decades of leadership he provided* to the Florida Public Pension Trustees Association, and to annually acknowledge a member of the Association who emulates his tireless commitment to protecting the retirement security of Florida's public employees and their retirement systems.

Patrick Langan

Due to the cancellation of the 2020 Annual Conference, we were unable to present the award last year, so we would like to acknowledge the 2020 recipient, Patrick Langan. Patrick has been handling all of our audio-visual needs since 1996. Patrick has kept pace unflinching with our rapid growth and our ambition for each trustee school and conference to be better than the last. Patrick has brought to us increasingly complex technical capabilities, often requiring an investment of money, as well as untold hours of time for his company. Patrick often works through the night at our events, ensuring everything goes off without a hitch. This unsung hero, who labors behind the scenes, has never sought the spotlight, but his efforts make us shine.

Fred Nesbitt

Fred Nesbitt, PhD, is our media relations consultant. Fred is the former Executive Director and Legislative Counsel for the National Conference on Public Employee Retirement Systems (NCPERS), retired in 2006. He also served as for 12 years as Director of Governmental Affairs and Political Action for the International Association of Fire Fighters (IAFF), so he brings many years' experience working within government settings, but also he brings a historic knowledge of pension policy. Fred put his considerable knowledge to work for us during the past year, advising us and providing guidance on legislative issues, and developing the Pension Plan Data Center – a breakthrough source for data comparisons, with all 485 local pension plans in Florida, an initiative that we will build upon for years to come.

Susan Marden

Susan Marden has been the FPPTA's public relations consultant since 2009. She brought three decades of communications experience to the organization, along with her skills as a writer and editor. She also continued to pen op-eds on our behalf, worked tirelessly on our SB 84 legislative initiative, pioneered video materials for our online offerings, and kept up a steady stream of social media advocacy on our behalf.

Michael Spencer

Michael Spencer has been sharing his knowledge and experience with the FPPTA for 22-years. He spent 31 years working in investment management, including as a Chief Executive Officer and Chief Investment Officer, and is a Chartered Financial Analyst. Michael's commitment to the FPPTA has always been exceptional and he has generously provided us with insights from the perspective of management we would not otherwise have had. He helped redesign the CPPT program in its current form back in 1999 and gave freely of his time and talents in helping design the education platform we depended on during the pandemic. His contributions have made the FPPTA's educational programs better than any others in the field.
