Dwight Mattingly, FPPTA Board of Directors

For the first 14 years of his working career after finishing college in South Florida, Dwight taught middle and high school history for 14 years in private church schools. He also supplemented his income and family by doing construction work in the summers and at times on weekends. In 1996 after a back injury, Dwight took a job with Palm Beach County public transit, Palm Tran, as a Bus Operator after a friend told him that there was an excellent pension benefit with the job. Soon after being hired he became involved in the labor union and in 1999 was elected as Financial Secretary/Treasurer for a 3 year period. During that time he became involved in understanding and attending all of the Board of Trustee meetings of the Pension Board. After 3 years he was elected to the position of President/Business Agent of Amalgamated Transit Union Local 1577. As President/Business Agent, he also became a Trustee of the Plan. After assuming this position, he successfully completed the CPPT with the FPPTA. He was subsequently elected Chairman of the Board of Trustees of the Palm Tran/ATU 1577 Pension Plan and has held that position for the past 7 years. Dwight also serves as Vice Chairman of the Florida Amalgamated Transit Union State Legislative Conference Board and during the past 3 Florida Legislative sessions has spent most of the sessions in Tallahassee lobbying to protect worker's rights and protecting public pension plans in the state. He was asked to testify before several Committees and Senate Caucuses regarding public pension defined benefit plans. He has worked closely with many other groups in this effort. This year, during the 2012 Annual FPPTA Convention, Dwight was elected as a Director of the Board of Directors for the FPPTA. He also serves on the FPPTA Education and By Laws Committees.

Subject: FPPTA Director position

Greetings Mrs. Prior,

I Milton Norris Park, would like to submit my application for the position available on this year's 2022 Board of Directors. I have had the opportunity to participate and be associated with the FPPTA for over 25 years. My membership within this organization has been beneficial both personally and professionally.

I am a retired Battalion Chief/Paramedic with 35 years of service to the Citizens of Rockledge, Florida. During my tender with the City of Rockledge, I was appointed by my fellow Firefighters as a Trustee on the Rockledge Firefighter Pension Board for two terms.

As a resident and a Citizen of Cocoa, my journey with the FPPTA organization began in the early 90's, with an educational seminar held at Grenelefe Resort, near Haines City. It was at this seminar I learned what a valuable asset my pension was for my Plan members and the importance of a Trustee's education with this responsibility. In 1996, as a resident of the City of Cocoa, I was appointed as a Citizen by the City Council, to the City of Cocoa Firefighters Board. I have served on this Plan since then. In the early 2000's, I started my FPPTA Trustee certification and have been in good standing with the FPPTA ever since.

I have held three different positions with this Board. Trustee, Secretary and presently the Chairman of the Board, for the past 14 years. I watched our Plan grow from five million dollars to a twenty five million dollar Plan in today's market. We survived the Tech bubble burst in the early 2000's, the Real Estate down turn in 2008 and now the current challenges in today's market. Throughout all these different challenges, the education and information provided by the FPPTA organization was greatly appreciated.

If elected to the Board of Directors, I would continue to express the importance of Trustee education and Trustee's understanding their role in their Plans. I will support the FPPTA organizational structure and offer my experience from the past, to help plan the future for this outstanding organization.

Sincerely,
M. Norris Park
City of Cocoa Firefighters Pension Board
Chairman/Trustee
