This letter is to inform you that I have reviewed the qualifications that pertain to nomination for the office of FPPTA Board of Directors, and to the best of my knowledge, I meet all of the Qualifications that are outlined in the notice. I am writing to inform you of this. This letter serves as my declaration of intent to run for a position on the Board of Directors of the FPPTA.

For the past 15 years, I have served as a trustee on the Deltona Firefighters Pension Fund. Currently serving as the Chairman of the Board, in addition to having previously served as the Secretary of the Board. As a result of my participation in a wide variety of investment conferences across the United States, I have also moderated and participated in a number of the panels that were held at these conferences.

In addition, I also devoted eight years working as a District Vice-President for the Florida Professional Firefighters. I was in the Florida Capitol for the better part of the 2011 legislative session, when the Florida Legislature attempted to transform our defined benefit pension plans into defined contribution plans. Something that was fought with great difficulty, and I was honored to be a part of it.

My goal is to ensure that the Florida Public Pension Trustees Association remains the most prestigious Trustees Association in the nation by bringing fresh and innovative ideas to the table and complementing the other Board Directors, should I be elected. Please don't hesitate to get in touch with me via email, text message, or personal phone if you have any inquiries.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kurt Vroman", written over a light blue rectangular background.
